WHERE IS JACK'S CAMP

20°29'47.83"S 25°11'6.71"E

Jack's Camp is located in Botswana's Makgadikgadi Salt Pans. The remnants of an enormous super-lake that used to cover most of Southern Africa, Jack described the area as the "savage beauty of a forgotten Africa." It's a landscape of space and remoteness and otherworldly vistas dotted with unique desert wildlife.

WHEN IS A GOOD TIME TO GO

The new Jack's Camp will open late 2020 and will be open all year round, but please note that some activities are seasonally dependent.

Dry season: 16 April – 31 October

Green season: 01 November – 15 April

Please see our rates sheet for detailed information on seasons & pricing.
